

### BME Undergrad Efrain Torres Wins NSF Graduate Research Fellowship

Biomedical Engineering undergraduate student, Efrain Torres has received an NSF Graduate Research Fellowship award. The NSF Graduate Research Fellowship Program recognizes and supports outstanding graduate students in NSF-supported science, technology, engineering, and mathematics disciplines who are pursuing research-based master's and doctoral degrees at accredited United States institutions.

Efrain has participated in both the Opus College of Engineering's Summer Undergraduate Research Program and E-Lead Program. He is mentored by Dr. Scott Beardsley.

Congratulations, Efrain!
