

Joint Biomedical Engineering Seminar Series
MU ▪ MCW ▪ UWM

SEMINAR

Friday, December 2nd, 2016

12:00 – 1:00 pm

HRC Auditorium

Peter LaViolette PhD, MS

Assistant Professor

Radiology, Imaging Research

Medical College of Wisconsin

***"New approaches for mapping prostate and brain tumors
using radiopathomics."***

This presentation will explore new methods that use radiographic imaging and quantitative histomorphometry on resulting tissue samples from prostate and brain cancer patients to train predictive models applicable to patients undergoing surveillance imaging.
